

Providing Health & Wellbeing Solutions

DIABETES EDUCATION

Diabetes Education services for Children, Adolescents and Adults in the Great Southern region.

Diabetes Education Services for Adults

We can provide support and education for adults and their families living with Diabetes including:

- Type 1 Diabetes
- Type 2 Diabetes
- Gestational Diabetes
- Pre-Diabetes education
- newly diagnosed education
- self-management support
- complication prevention and screening
- insulin starts
- Hypoglycemia prevention and management
- Continuous Glucose Monitoring (CGM) initiation
- pump starts
- DESMOND group education
- Diabetes Smart
- Individual and group consults available

Group Support

Amity Health is a DESMOND & SMART's (Diabetes WA) workshop provider.

Our Diabetes Educators can also run education workshops to groups and workplaces on request.

Diabetic Education Services for Children & Teens

We provide support and education for parents, carers and children living with diabetes.

- We have a collaborative relationship with Perth Children's Hospital Type 1 Diabetes team, which visits Amity Health four times a year to conduct clinics.
- Parents and Carers of children with Type 1 Diabetes can request school education sessions to enable their child to feel understood and supported throughout their school years.
- We can help your child transition to adult support services when needed.

Referral Options:

To access our diabetes education services, you can:

- self-refer by contacting our team directly or,
- see your GP for a referral

Management Plans:

- If you are eligible for a care plan and your GP decides that you would benefit from seeing a Diabetes Educator, you may be allocated up to five visits that will be partially Medicare funded
- If your GP has referred you to the Integrated Chronic Disease Care funded program, your diabetes education will be fully funded
- If you have an NDIS plan, Amity Health is a registered NDIS provider

Note: Private Health Insurance will cover your diabetes education appointments depending on the level of your cover.

What is a Diabetes Educator?

Diabetes Educators are University qualified health professionals and have skills to provide expert advice to groups and individuals.

At Amity Health, our Diabetes Educators will assess your current level of knowledge and perceived needs to provide individualised, person-centred advice on how to manage your condition.

Our Diabetes Educators will work with you and/or your carer to devise a realistic plan that suits your lifestyle, food preferences and individual health needs.
